I. Purpose

The purpose of this Local Commissioners Memorandum (LCM) is to provide local departments of social services (LDSSs) with their Title XX Social Services Block Grant (SSBG) allocations for State Fiscal Year (SFY) 2022-23.

This revision includes a correction of the “All Other” allocations (Attachment B) to address a calculation error. There are no other notable changes from the issuance of the last LCM on this topic.

II. Background

SSBG (CFDA #93.667) or Title XX of the Social Security Act (42 U.S.C. 1397 – 1397f) provides annual capped entitlement funding from the United States Department of Health and Human Services for a range of social services. In Federal Fiscal Year (FFY) 2022, New York State received \$97,160,141, a net increase of \$1,939,548 from the prior year.

Approximately 5% of the total New York State allotment, or \$4,858,007, is allocated to support training activities for LDSSs and the New York State Office of Children and Family Services (OCFS) staff. The remaining \$92,302,134 is allocated to LDSSs. Chapter 53 of the Laws of 2022 directs that \$66,000,000 will continue to be provided for the reimbursement of LDSS expenditures for adult protective services (APS) and domestic violence (DV) services, and the remaining funding of

\$26,302,134 will be available to reimburse other eligible Title XX services expenditures. The funds are available to reimburse LDSSs for eligible expenditures made from October 1, 2021, through September 30, 2022, and must be final accepted in the Automated Claiming System (ACS) by March 31, 2023.

III. Other Related 2022-23 Budget Actions

The SFY 2022-23 Enacted Budget continues to appropriate \$964 million in funding for the Flexible Fund for Family Services (FFFS) that provides LDSSs with the flexibility to determine local funding priorities. Under the FFFS, LDSSs have the option to transfer a portion of their FFFS allocation to the Title XX SSBG. Federal law requires that any FFFS funding transferred to the Title XX SSBG must be used for children and their families with incomes below 200% of the federal poverty level. These recipients also must be either U.S. citizens or qualified aliens as defined by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

For information on what LDSSs can use their FFFS allocation to fund, please refer to the annual FFFS Administrative Directive (ADM) from the New York State Office of Temporary and Disability Assistance (OTDA) located at: <https://otda.ny.gov/policy/directives/2022/ADM/22-ADM-06.pdf>

IV. Title XX Social Services Block Grant Methodology

The Title XX allocations provide \$66,000,000 for the reimbursement of LDSS expenditures for APS and DV services and \$26,302,134 for the reimbursement of other eligible Title XX services expenditures, for a total of \$92,302,134. The allocation methodology is as follows:

Adult Protective and Domestic Violence Services (Attachment A): In accordance with appropriation language, \$66,000,000 is set aside to provide 100% reimbursement to LDSSs for eligible Title XX services expenditures for APS and for residential services for victims of DV who are not receiving public assistance during the time they are in a residential program, and for non-residential services for victims of DV (collectively “DV services”) incurred on or after October 1, 2021, through September 30, 2022, and claimed by March 31, 2023, for settlement purposes. Allocation of this funding is based on each LDSS’s claims for those services, net of any retroactive payments, for the 12-month period ending June 30, 2021, that were submitted on or before January 3, 2022.

If an LDSS does not fully expend its allocation, the funds may be reallocated to other LDSSs with eligible claims that exceed their allocations. Eligible APS and DV services expenditures that exceed the allocation are eligible for state reimbursement at the rate of 49% after any additional federal reimbursement is applied.

It should be noted that FFFS funds also are available to cover costs eligible for Title XX below 200%. An LDSS can elect to transfer a portion of its FFFS funds allocation to Title XX to fund APS and DV services for children and their families with incomes less than 200% of the federal poverty income level for the family.

All Other Eligible Title XX Services (Attachment B): The remaining funding amount of \$26,302,134 may be used to reimburse other eligible Title XX services expenditures incurred on or after October 1, 2021, through September 30, 2022, and claimed by March 31, 2023, for settlement

purposes. The allocation of these funds is based on each LDSS's claims for eligible Title XX services for the 12-month period ending June 30, 2021, that were submitted on or before January 3, 2022. The allocation methodology for these funds does not consider APS and DV services, as those claims were considered in allocating the \$66,000,000 set aside mentioned above. Although the allocation of these Title XX funds did not include claims for APS and DV services, these funds may be used to reimburse the costs of such services. The allocation methodology considers claims for preventive services, child protective services, aftercare services, and adoption services (including post-adoption services).

If an LDSS does not fully expend its allocation, the funds may be reallocated to other LDSSs with eligible claims that exceed their allocations. Title XX eligible services expenditures that exceed the allocation, other than APS, DV and child welfare services, are **not** eligible for state reimbursement.
