APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities (Required)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

- The following defines “reasonable distance”: Describes the maximum reasonable distance defined in time or mileage of both that a Temporary Assistance recipient would be expected to travel from home to work activity with a stop at a child care provider along the way. This information is expressed as a one way, not a round, trip.
- Public Transportation: In the case of any parent/caretaker/child who uses Onondaga County's Centro bus system for transportation, distance should not exceed 22 miles. This distance represents the average of farthest distances from downtown Syracuse East, West, North and South, which Centro serves in areas where we currently have sites available.
- Personal Vehicle: In the case of a parent who uses private transportation, distance should not exceed 30 miles. This distance represents an average of the distance across the north-south and east-west points of the county where again, activity sites are located.
- Walking: In the case of any child six years or younger, walking either from home to the provider's location, or from the provider to school or to the school bus, should not exceed more than 1/2 mile. This will hold true for older children with medically documented special needs with the case manager arranging the necessary child care.
- Note: The district makes every attempt to arrange child care and activity as close to home as possible, however, it is still maintained that the client has the final say as to where child care is located as long as the child care arrangements are deemed to be legal.

For the most part., the district automatically allows one-half hour on either end of the day for transportation and dropping off or picking up children, However, all cases are handled in an individual manner and adjustments are made for more or less transportation time as needed.

- Describe any steps/consultations made to arrive at your definition:
- 1. The current listing of work activity sites utilized by Onondaga County's employment and training program, Jobsplus!.
- 2. A map of Onondaga County redrawn with Jobsplus! as the center point.
- 3. Examination of the current public transportation system (Centro's) bus line.
- 4. Discussion of current guidelines used by the Child Care Council of Onondaga County
- 5. Examination of current travel patterns required for participation in Jobsplus.

Note: Jobsplus! is located in downtown Syracuse, approximately five blocks from the main public bus exchange through which most bus connections are made.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 125% of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county 35%.

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).
 - The district has identified local priorities in addition to the required federal priorities (Complete Section 2)
 - The district has not identified local priorities in addition to the required federal priorities (Complete Section 3).

2. Describe how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe in the space below how the district will select cases to be closed in the event that there are insufficient or no funds available.
 - a. The district will select cases to be closed based ONLY on income.
 - No.
 - Yes. Check 1 or 2 below.
 - 1) The district will close cases from the highest income to lowest income.

Very low income Rank 1 Rank 2

Families that have a child with special needs Rank 1 Rank 2

3. If all NYSCCBG funds are committed, case closings for families that are not eligible under a child care guarantee and are not a federally mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time the family has received child care services, but must be consistent for all families.

a. Identify how the district will prioritize federal priorities. Cases that are ranked 1 will be closed last.

Very low income Rank 1 Rank 2

Families that have a child with special needs Rank 1 Rank 2

b. The district will close cases based on the federal priorities and the amount of time the family has been receiving child care services.

6. The district will establish a waiting list when there are not sufficient funds to open all eligible cases.
- No.
- Yes. Describe how these cases will be selected to be opened when funds become available:

The district's recertification period is every six months twelve months

Fraud and Abuse Control Activities

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district's front-end detection system.

The following situations will be referred to FEDS: False address given for provider and/or client, New employer/new earnings not reported to the agency, prior history of denial or case closing (or overpayments) resulting from an investigation, provider violations (e.g., improper billing) expenses exceed income without reasonable explanation, client failed to report unearned income, client has previously failed to accurately report income, household composition or other required eligibility information.

Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

The Day Care Supervisor randomly reviews five newly opened child care cases per month per Intake worker selected randomly. The Day Care Supervisor reviews four recertifications and two six month recerts per worker per month randomly selected thru a Cognos report. The Day Care Supervisor will also review 10-15 pieces of daily work per worker per day for the Undercare staff. The day care supervisor review is an indepth review of the continued need for child care, verification of participation in employment, education or other required activities. In addition, the day care workers review the indicators for referrals to the agency legal division at every 6 month

and year recert. Some of the indicators for investigation are low income vs high expense, and conflicting information.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Administered and Monitored by Child Care Solutions We expect to have a universe of 100 childcare providers that are also in the child and adult care food program annually. The administrator of the child and adult care food program will send us a monthly report of providers that have had inspections. From this list we will select 13 providers at random. We will then request the inspection reports and compare them to the billing sheets submitted by the providers. Any provider previously selected will not be included in a subsequent sample for the year.

APPENDIX Q

Additional Local Standards for Child Care Providers (Optional)

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies. This appendix must be completed for **each** additional standard that the district wishes to implement.

1. Check or describe in the space provided below the additional local standards that will be required of child care providers/programs.
 - Verification that the provider has given the parent/caretaker complete and accurate information regarding any report of child abuse or maltreatment in which they are named as an indicated subject
 - Local criminal background check (see description under “Other” below)
 - Requirement that providers that care for subsidized children for 30 or more hours a week participate in the Child and Adult Food Care Program (CACFP)
 - Site visits by the local district
 - Other (please describe):

The district will conduct a local criminal history background check to verify the truthfulness of the attestations pertaining to the criminal history of providers of legally exempt in-home or family child care, any employee or volunteer at the child care site, and, for family child care programs, all household members 18 years of age and older residing at the residence where child care is provided.

In the enrollment package, the district will provide release forms, which will authorize local criminal history database checks. Providers of legally exempt in-home or family child care, any employee or volunteer at the child care site, and, for family child care programs, household members 18 years of age and older residing at the residence where child care is provided, will be required to sign a release which will allow our Department to conduct a local criminal history check. The provider will be instructed to return the enrollment package including the signed release form. If the providers of legally exempt in-home or family child care, any employee or volunteer at the child care site, and, for family child care programs, any household member 18 years of age and older residing at the residence where child care is provided refuses to sign an authorization for a local criminal background check, the enrollment package will be considered incomplete, the enrollment process cannot move forward and the enrollment package will be withdrawn by the enrollment agency.

When the enrollment agency receives the enrollment package they will notify the district of the receipt of the release. When the signed release is received, the district will arrange for a local database check for **criminal convictions** to be conducted through the online criminal background tool, CLEAR operated by Thomson Reuters. If a search results in a

criminal convictions history, the day care staff will provide only the **convictions history** information to the enrollment agency, (EA) so that any discrepancies as to what was reported in the enrollment package by the potential provider and others are identified and the enrollment agency may take proper action.

2. Check below the type of child care program to which the additional standard will apply and indicate the roles of the persons to whom it will apply in cases where the standard is person-specific.

Legally-exempt family child care program. Check all that apply.

Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)

The Day Care unit remits the results of the criminal background check to Child Care Solutions.
