Appendix M #1: Reasonable Distance, Recertification Period, Family Share, Very Low Income, Federal and Local Priorities

I. Reasonable Distance

Define "reasonable distance" based on community standards for determining accessible child care.

1. The following defines "reasonable distance":

One hour maximum from work activity to childcare provider and return home.

2. Describe any steps/consultations made to arrive at your definition:

Based on demographic studies of county, accessible transportation, and MapQuest.

II. Recertification Period

The district's recertification period for low income child care cases is every:

Six months

O Twelve months

III. Family Share

"Family Share" is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State

Income Standard divided by 52.
Family Share Percentage selected by the district: 25%
Additional Description of this Family Share Percentage:
Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).
IV. Very Low Income
Define "very low income" as it is used in determining priorities for child care benefits.
"Very Low Income" is defined as 150% of the State Income Standard.
V. Federal and Local Priorities
1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.
a. Very low income as defined in Section IV:
Rank 1
Rank 2
Rank 3
b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care:
Rank 1
Rank 2
Rank 3
c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness:
Rank 1
Rank 2
Rank 3
2. Does the district have local priorities?
O Yes
No
If yes, list them below and rank beginning with Rank 4.

Appendix M #2: Case Openings, Case Closings, and Waiting List

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities,** identify the basis upon which the district will open cases if funds become available. Select one of the options listed below and describe the process for opening.

oec	ome available. Select one of the options listed below and describe the process for opening.
0	1. Open cases based on FIRST COME, FIRST SERVED .
\odot	2. Open cases based on INCOME .
	If opening based on income
	O The district will open cases starting from the lowest income to the highest income.
	The district will open cases based on income bands, starting from the lowest income band to the highest income band.
	If using income bands, list the bands, starting from the one that will be opened first:
	1. Under 125% of Federal poverty level
	2. Under 150% of Federal poverty level
	3. Under 175% of Federal poverty level
	3. Under 200% of Federal poverty level
0	3. Open cases based on CATEGORY OF FAMILY .
\circ	4. Open cases based on INCOME AND CATEGORY OF FAMILY .
0	5. Open cases based on OTHER CRITERIA .

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. **After the federal and local priorities**, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Select one of the options listed below and describe the process for closing.

1. Close cases based on **AMOUNT OF TIME** receiving child care services.

	If closing based on amount of time
	O The district will close cases starting from the shortest time receiving child care services to the longest time.
	The district will close cases starting from the longest time receiving child care services to the shortest time.

Appendix M #3: Fraud and Abuse Control Activities and Inspections

I. Fraud and Abuse Control Activities

- 1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.
 - 1. Working off the books.
 - 2. Self-employment without adequate business records.
 - 3. PO Box used as mailing address without cause.
 - 4. Client unsure of own address.
 - 5. Suspicious documentation used to verify identity
 - 6. Documentation or information provided is inconsistent with application
 - 7. Previous case closing for overpayment
- 8. Application inconsistent with prior case
- 9. Children under six with no birth certificate
- 10. Provider lives in same household as parent
- 11. No absent parent information or information inconsistent with application.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

The district cannot use criteria such as the age of provider, the gender of provider, a post office box address, or evidence that the child lives in the same residence as the provider as indicators in drawing the sample.

Ulster County recertifies 100% of their childcare cases every six months. Verification for the continuing need for childcare is done at that time.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

There are providers that participate in the child/adult care food program in Ulster County. The district will randomly select six providers per month. The district will then contact the child/adult food sponsor to determine when the last site inspection was done and what subsidized children were seen at the inspection. The district will compare the subsidy attendance form with the inspection form to verify that childcare was actually provided on the days listed with attendance forms. The district will follow up with any discrepancies found.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

- 1. Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
- 2. Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers/programs?

No.

The following types of subsidized child care providers/programs are subject to this requirement:
Legally-Exempt Child Care
☐ In-Home
Family Child Care

Appendix Q: Additional Local Standards for Child Care Providers

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for **each** additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent/release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

1. Select the additional local standard that will be required of child care providers/programs.
O Verification, using the district's local records, that the provider has given the caretaker complete and accurate information regarding any report of child abuse or maltreatment in which he or she is named as an indicated subject
O Local criminal background check
Require providers caring for subsidized children for 30 or more hours a week participate in the Child and Adult Care Food Program (CACFP). Note that districts are required to notify the Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, of all providers on the referral list for whom the requirement is "not applicable."

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.
Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider/person named on the referral list.
Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.
\square a. The district will not apply this additional local standard when the applicable person resides outside of the subsidy-paying district.
b. The district will not apply this additional local standard when the program's site of care is located outside of the subsidy-paying district.
\Box c. The district will not apply this additional local standard when the informal provider is younger than 18 years of age.
3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

O Yes
O No
Note: Costs associated with the additional local standard cannot be passed on to the provider.
5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been "met," "not met" or is "not applicable" and monitor its timeliness. Include all agencies involved and their roles. Note that the district's procedures must be in accordance with 12-OCFS-LCM-01.

NoYes

2. If the district will reimburse for transportation, describe any circumstances and limitations the district will use to reimburse. Include what type of transportation will be reimbursed (public and/or private) and how much your district will pay (per mile or trip). Note that if the district is paying for transportation, the Program Matrix in the Welfare Management System (WMS) should reflect this choice.

II. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four (4) differential payment rate categories. For the two (2) categories that require a state minimum five percent (5%) differential payment rate, the district must enter "5%" or, if it chooses, a higher rate up to 15%

The other two (2) differential payment rate categories in the table below are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). Note that if the district selects a differential payment rate for nationally accredited programs, then that rate must be in the range of five percent (5%) to 15 percent (15%).

Differential Payment Rate Category	Differential Payment Rate Percent	Instructions

- 1. The enhanced market rate for legally-exempt family and legally-exempt in-home child care providers who have completed 10 or more hours of training annually is a 70% differential applied to the market rates established for registered family day care.
