Appendix M #1: Reasonable Distance, Recertification Period, Family Share, Very Low Income, Federal and Local Priorities

I. Reasonable Distance

Define "reasonable distance" based on community standards for determining accessible child care.

1. The following defines "reasonable distance":

Washington County Department of Social Services is required to define "reasonable distance" for the purpose of determining whether child care is accessible. In view of the rural nature of our county and the limited availability of public transportation, we have determined that it is reasonable to expect a participant to be able to access child care in the town or village where they have chosen to reside.

2. Describe any steps/consultations made to arrive at your definition:

"Reasonable Distance" was determined at this level as being consistent with the levels established by work programs and area school policies around transporting children of school age.

II. Recertification Period

The district's recertification period for low income child care cases is every:

- Six months
- Twelve months

III. Family Share

"Family Share" is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the district:

25%

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).

IV. Very Low Income

Define "very low income" as it is used in determining priorities for child care benefits.

"Very Low Income" is defined as **185%** of the State Income Standard.

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

a. Very low income as defined in Section IV:

- Rank 1
- Rank 2
- Rank 3

b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care:

- Rank 1
- Rank 2
- Rank 3

c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness:

- Rank 1
- Rank 2
- Rank 3

2. Does the district have local priorities?

- Yes
- No

If yes, list them below and rank beginning with Rank 4.

Appendix M #2: Case Openings, Case Closings, and Waiting List

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Select one of the options listed below and describe the process for opening.

- 1. Open cases based on **FIRST COME, FIRST SERVED.**
- 2. Open cases based on **INCOME.**

- 3. Open cases based on **CATEGORY OF FAMILY**.
- 4. Open cases based on **INCOME AND CATEGORY OF FAMILY**.
- 5. Open cases based on **OTHER CRITERIA**.

Describe the criteria the district will use to select cases to be opened:

"Any funds remaining after meeting the child care needs of the guaranteed population will be made available in the order listed below".

1. Families with income of up to 200% of the SIS with an eligible child with special needs or under court supervision to enable a parent or caretaker to engage in work or participate in activities required by the district including orientation assessment or work activities defined in 12 NYCRR part 13.
2. All families whose income falls between 100% and 175% of the SIS
3. All families whose income falls between 175% and 200% of the SIS
4. Cash Assistance families or families with income up to 200% of SIS when the caretaker is in an emergency situation of short duration including homelessness.
5. Families with an open CPS case and care is needed to protect the child.
6. Cash assistance families or families with income up to 200% of SIS when the caretaker is participating in an approved substance abuse program.
7. Cash Assistance families or families up to 200% of the SIS when the caretaker is a victim of domestic violence.
8. Families with income up to 200% of the SIS when the child care services are needed because the child's caretaker is physically or mentally incapacitated.
9. Cash Assistance families participating in an approved activity in addition to their required activity.
10. Families with income up to 200% when the childcare services are needed for the child caretaker to actively seek employment for a period up to 6 months.
11. Families with income up to 200% of SIS when the childcare services are needed for the child caretaker to participate in an approved educational or vocational activity.
12. Families with income up to 200% of the SIS when child care services are needed because the child's caretaker has family duties away from home.
13. Cash assistance household where a sanctioned parent is participating in unsubsidized employment and earning wages equal to or greater than the minimum wage established by law.

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. **After the federal and local priorities**, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Select one of the options listed below and describe the process for closing.

- 1. Close cases based on **AMOUNT OF TIME** receiving child care services.

If closing based on amount of time...

- The district will close cases starting from the shortest time receiving child care services to the longest time.
- The district will close cases starting from the longest time receiving child care services to the shortest time.

- 2. Close cases based on **INCOME**.
- 3. Close cases based on **CATEGORY OF FAMILY**.
- 4. Close cases based on **INCOME AND CATEGORY OF FAMILY**.
- 5. Close cases based on **OTHER CRITERIA**.

III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

- No
- Yes

Appendix M #3: Fraud and Abuse Control Activities and Inspections

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

1. Self employed without adequate business records.
2. Spouse or parent of child recently left the household.
3. Documents or information provided inconsistent with the application such as different name used.
4. A prior history of denial, case closing or overpayment resulting from an investigation.
5. Application that is inconsistent with prior case.
6. No absent parent information or information that is inconsistent with the application.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

The district cannot use criteria such as the age of provider, the gender of provider, a post office box address, or evidence that the child lives in the same residence as the provider as indicators in drawing the sample.

The sampling methodology being used to determine which cases will require verification of an applicant or recipient's continued need for child care will be a review of 100% of all cases. This will be done at opening and at recertification, which is done every 6 months for both TA and non-TA cases.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Washington County has 42 child care providers who participate in CACFP. The district will look at only providers who participate in CACFP and provide care for one or more subsidized children. The district will review 15 cases quarterly. If the provider has been reviewed previously in the last year, they will not be reviewed. When a provider is selected the district will look to see when the last time (specific date or dates) that the provider was inspected by CACFP and what children they saw during the inspection. The district will review attendance forms received by the Agency and compare them to the CACFP form to verify attendance. Any discrepancies will be further investigated by the district.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

1. Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
2. Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers/programs?

- No.
- Yes. Provide the details of your inspections plan below.

The following *types* of subsidized child care providers/programs are subject to this requirement:

- Legally-Exempt Child Care**
- In-Home
 - Family Child Care
 - Group programs not operating under the auspices of another government agency
 - Group programs operating under the auspices of another government agency
- Licensed or Registered Child Care**
- Family Day Care
 - Registered School-Age Child Care

- Group Family Day Care
- Day Care Centers
- Small Day Care Centers

Appendix Q: Additional Local Standards for Child Care Providers

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for **each** additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent/release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

1. Select the additional local standard that will be required of child care providers/programs.

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider/person named on the referral list.

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

- a. The district will not apply this additional local standard when the applicable person **resides** outside of the subsidy-paying district.
- b. The district will not apply this additional local standard when the **program's site of care is**

located outside of the subsidy-paying district.

c. The district will not apply this additional local standard when **the informal provider is younger than 18 years** of age.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Include all agencies involved and their roles. Note that the district's procedures must be in accordance with 12-OCFS-LCM-01.

6. Indicate how frequently the additional local standard will be applied. Answer both questions.

1. The Standard will be applied:

- At initial enrollment and re-opening
- At each re-enrollment

2. The district will assess compliance with the additional local standard:

- During the enrollment **review** period, and the district will notify the Enrollment Agency of the results within 25 days from the E-Notice referral date.*

- During the 12-month enrollment period, and the district will notify the Enrollment Agency of the results promptly. Note that this option is always applicable to an additional local standard requiring participation in CACFP.*

7. Describe the justification for the additional local standard in the space below.

4. List the allowable program closures for which the district will provide payment.

Allowable program closures which payment will be provided are snow days, evidence of contagious disease or due to extenuating circumstances beyond the provider's control including but not limited to: other emergency closings that are due to circumstances other than a substantiated regulatory violation

Note: Legally-exempt family child care and in-home child care providers are not allowed to be reimbursed for program closures.

Appendix T: Transportation, Differential Payment Rates, Enhanced Market Rate for Legally-Exempt Family and In-Home Providers, and Sleep

1. Are there circumstances where the district will reimburse for transportation?

- No
- Yes

2. If the district will reimburse for transportation, describe any circumstances and limitations the district will use to reimburse. Include what type of transportation will be reimbursed (public and/or private) and how much your district will pay (per mile or trip). Note that if the district is paying for transportation, the Program Matrix in the Welfare Management System (WMS) should reflect this choice.

II. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four (4) differential payment rate categories. For the two (2) categories that require a state minimum five percent (5%) differential payment rate, the district must enter "5%" or, if it chooses, a higher rate up to 15%.

The other two (2) differential payment rate categories in the table below are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). Note that if the district selects a differential payment rate for nationally accredited programs, then that rate must be in the range of five percent (5%) to 15 percent (15%).

Differential Payment Rate Category	Differential Payment Rate Percent	Instructions
Homelessness: Licensed and Registered Providers State required minimum of 5%	15%	Enter a percentage (%): 5% to 15%. (<i>Must</i> enter at least 5%)
Homelessness: Legally-Exempt Providers	15%	Enter 0% or a percentage (%) up to 15%.
Non-traditional Hours: All Providers State required minimum of 5%	15%	Enter a percentage (%): 5% to 15%. (<i>Must</i> enter at least 5%)
Nationally Accredited Programs: Licensed and Registered Providers <i>Legally-exempt child care providers are not eligible for a differential payment rate for accreditation.</i>	15%	Enter 0% or a percentage (%) from 5% to 15%.

2. Generally, differential payment rates may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. However, if your district wants to establish a payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

III. Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

1. Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have completed 10 or more hours of training annually and the training has been verified by the legally-exempt caregiver enrollment agency.

- No
 Yes

2. If yes, indicate percent, not to exceed 75% of the child care market rate established for registered family day care.

0%

IV. Sleep

1. Does the district choose to pay for child care services while a caretaker that works a second or third shift sleeps?

- No
 Yes

2. The following describes the standards the district will use to evaluate whether to pay for child care services while a caretaker that works a second or third shift sleeps, as well as any limitations pertaining to payment:

Verification of shift assignment will be required. Agency will also explore resources of other adults in the home to be available to care for child/children while parent sleeps.

3. Indicate the number of hours allowed by your district per day (maximum number of hours allowed is eight).

Appendix U: Child Care Exceeding 24 Hours, Child Care Services Unit, Waivers, and Breaks in Activities

I. Child Care Exceeding 24 Hours

1. Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other situations where the caretaker's approved activity necessitates care for 24 hours on a limited basis. Check below under what circumstances the district will pay for child care exceeding 24 hours.

- On a short-term or emergency basis
 The caretaker's approved activity necessitates care for 24 hours on a limited basis

2. Describe any limitations on the payment of child care services that exceed 24 consecutive hours.

Payment of childcare services in excess of 24 consecutive hours will be allowed in instances of incapacitating illness to the caretaker, the hospitalization of the caretaker, other family circumstances such as death of a close relative, or unusual circumstances beyond the caretaker's control that would necessitate the additional length of care. (An example of this might be a snow storm that causes roads to be closed making it impossible for the caretaker to pick up their children from the childcare provider.)

II. Child Care Services Unit (CCSU)

1. Indicate below if your district will include 18-, 19-, or 20-year-olds in the CCSU for determining family size and countable family income.

a. The district will include the following in the CCSU (check all that apply)

- 18-year-olds
- 19-year-olds
- 20-year-olds

OR

b. The district will only include the following in the CCSU when it will benefit the family (check all that apply)

- 18-year-olds
- 19-year-olds
- 20-year-olds

2. Describe the criteria your district will use to determine whether or not 18-, 19-, or 20-year olds are included in the CCSU.

The 18 and 19 year old will be included only if their inclusion is to the family's benefit, either assisting the household in becoming eligible for childcare assistance or reducing the amount of the parent share.

III. Waivers

1. Districts have the authority to request a waiver of any regulatory provision that is non-statutory. The waiver must be approved by OCFs before it can be implemented. Describe and justify why your district is requesting a waiver.

IV. Breaks in Activities

1. Districts may pay for child care services for low-income families during breaks in activities either for a period not to exceed two weeks or for a period not to exceed four weeks when child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period. If your district will pay for breaks in activities, indicate below for how long of a break that the district will pay for (check one):

- Two weeks
- Four weeks

2. Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low-income families are eligible for child care services during a break in activities (check all that are eligible):

- Entering an activity
- Waiting for employment
- On a break between activities
